

Enhanced Vision System

Perspective Global Connect™

60/40 FLEXSEATING

NOW SEATING 5

Innovative 60/40 FlexSeating™ gives Cirrus owners a whole new level of utility and versatility. Featuring a wider back seat featuring three over the shoulder seat belts for a fifth passenger and ten more pounds of useful load.

Other features include:

3-Position Recline

Backseat passengers can select from three positions to maximize travelling comfort.

Child Seat Restraint System

The Cirrus LATCH (Lower Anchors and Tethers for Children) system works just like those found in automobiles for safe and convenient use of child seats.

60/40 Fold Down Seating

Maximum load utility and versatility for the stuff you'll need will help you go where you've never been before. The rear storage cargo net safely and conveniently keeps your things in place.
